Hi Tasya,

Today we talked about contacts for the former Rhone-Poulenc site. I took a little time to sort it out. Recall that there are four Respondents to the Order. I'm curious why Wood and now DOF does not send correspondence/submittals to all of them. You said you would ask David about that, so let me know what he says. We should start doing it unless there is a valid reason not to.

I think we're clear on contacts for two of the Respondents, Container Properties and Solvay. Regarding the other two, the name I have for Bayer CropScience is Chintan Amin, in-house legal counsel. The fourth Respondent is represented by James Dragna, Bingham McCutchen LLP, legal counsel representing Rhone-Poulenc Inc (RPI).

The attached table might be helpful to you. I just updated it as best I could but there are certainly holes and maybe errors.
